

**COMMUNITY-SUPPORTED BAKERY**  
**Winter 2010-11**

This winter the Backdoor Bakery will again offer customers a share in its Community Supported Bakery (CSB). Borrowing from the concept of community supported agriculture, consumers and the Bakery join together in economic partnership in a CSB. In this partnership, consumers purchase a "bakery share" – a weekly basket of from-scratch pastries and breakfast staples – and the Bakery has a reliable and stable market for its products. We hope to have one weekly pick-up at a Richmond location; Huntington pick-up is at the bakery.

This "season" of the CSB will run for 8 weeks, mid-January through March, 2010. There are two share options to choose from: **Option A** allows you to choose the baked good you want to receive every week for the 8 weeks; **Option B** lets the baker choose what baked goods you receive. This season, croissants – the bakery's signature product – will be offered in Option B. Members of both options will help taste-test various breads produced in our new wood-fired bread oven. A bread share should be available in the spring.

Space is limited in this winter's CSB, so please complete the form below and return it with your payment to the Backdoor Bakery. I will be in touch to let you know on which day of the week your share will be available, and where. Thanks.
